

## Third Party Energy-Efficiency Program Fact Sheet

# LodgingSavers Program

## Administered by Ecology Action

To be successful in today's hospitality marketplace, a lodging facility must maintain guest comfort and satisfaction while keeping operating costs low. Pacific Gas and Electric Company (PG&E) has contracted with Ecology Action, a third party energy-efficiency implementation specialist, to implement the LodgingSavers Program. The LodgingSavers Program helps PG&E hospitality customers implement customized energy-efficiency solutions to lower energy use and costs, protect the environment and create an inviting atmosphere where guests will want to return.

### Eligibility Requirements

The LodgingSavers Program is open to PG&E commercial hospitality customers of any size – from luxury hotels to small bed-and-breakfast inns. Businesses located in Monterey, Santa Cruz, and San Benito Counties are excluded.

### Energy-Efficiency Measures Covered

Many hotels have taken advantage of the benefits of upgrading lighting in guest rooms and common areas. LodgingSavers can help with lighting installations and much more, including:

- Heating, Ventilation, and Air Conditioning (HVAC).
- Refrigeration.
- Water efficiency.
- Vending.
- High Efficiency Pool Pumps.

### Support from Inception to Inspection

The simple, comprehensive process is as follows:

1. Upon receiving a signed site access agreement from the customer, LodgingSavers engineers provide a free, comprehensive audit.
2. The customer receives a proposal that details the recommended energy-efficiency upgrades; anticipated annual energy and cost savings; retrofit costs; out-of-pocket costs and rebate amounts. The report also provides estimates of positive environmental impacts such as reduction of carbon dioxide.
3. Once the customer chooses projects to implement, LodgingSavers coordinates all aspects of the project from recommending trusted, prescreened contractors and state-of-the-art equipment to overseeing each installation. Rebates are issued directly to contractors, minimizing customers' capital outlays. Many projects require no co-payment.
4. When projects are completed, LodgingSavers conducts a quality assurance inspection.

### Next Steps

For more information on the LodgingSavers Program, please visit [www.LodgingSavers.org](http://www.LodgingSavers.org), or call **1-888-846-5050**. You may also direct questions to your PG&E account representative or to the PG&E **Business Customer Service Center** at **1-800-468-4743**.
